Jim / Steve -

As promised, attached are Charter's further proposed revisions to the meet point amendment. Because of the length of Section 2.1 (one big paragraph with a lot of language) I took the liberty of revising it by breaking it into separate subsections. That approach is reflected in the doc. that is labeled "Charter Revisions to Sec. 2.1." My hope is that breaking up this one large paragraph into separate subsections will help both sides focus on the different scenarios addressed in this section. You can see all of our changes in the format originally provided by Verizon in the second document labeled "Charter-Fiber Mt Amdt-Draft 031606."

Look forward to speaking with you tomorrow.

Charter Revisions to Section 2.1

2. Fiber Meet Arrangement Provisions

2.1 Fiber Meet Arrangement Options

- 2.1.1 Each Party may request a Fiber Meet arrangement by providing written notice thereof to the other Party if the Parties have consistently been exchanging applicable traffic (as set forth in Section 2.3 below) in the relevant exchange(s) in an amount equal to a utilization level of at least one (1) DS3.
- 2.1.2 In addition, ***CLEC Acronym TXT*** may request a Fiber Meet arrangement by providing written notice thereof to Verizon if (a) in the preceding month the Parties exchanged applicable traffic in the relevant exchange(s) in an amount equal to a DS3 utilization level of at least ~~eighty~~ ~~seventy~~ percent (~~80~~70%) of one (1) DS3 (for the avoidance of doubt, a ~~seventy~~ percent (70%) DS3 utilization level occurs where twenty (20) DS1s on a single DS3 are activated to exchange traffic); (b) the amount of such traffic exchanged during the preceding three month period increased by at least ~~five-eight~~ percent (~~58~~%); and (c) ***CLEC Acronym TXT*** has submitted a good faith, written forecast to Verizon showing that the Parties will consistently exchange an amount of applicable traffic equal to a utilization level of at least one (1) DS3 within the next twelve (12) months. If, under the preceding sentence ***CLEC Acronym TXT*** requests a Fiber Meet arrangement that satisfies the DS3 utilization and traffic growth parameters identified in (a) and (b) above Verizon will agree to complete the Fiber Meet arrangement within ninety (90) days of the request.
- 2.1.3 Further, ***CLEC Acronym TXT*** may request a Fiber Meet arrangement by providing written notice thereof to Verizon if (a) the Parties are not already exchanging traffic in the LATA; (b) ***CLEC Acronym TXT*** has ordered DS3 facilities from Verizon for exchanging applicable traffic in the relevant exchange(s); (c) Verizon has responded to such order by indicating that the requested facilities are not available; and (d) ***CLEC Acronym TXT*** has submitted a good faith, written forecast to Verizon showing that the Parties will consistently exchange an amount of applicable traffic equal to a utilization level of at least one (1) DS3 within the next twelve (12) months.
- 2.1.4 If the Parties establish a Fiber Meet arrangement at ***CLEC Acronym TXT***'s request, then, the Parties agree that the following provisions will govern the recovery of costs if the traffic exchanged over the Fiber Meet arrangement does not reach or exceed a DS3.
- 2.1.4(a) If ***CLEC Acronym TXT*** requests a Fiber Meet arrangement pursuant to Section 2.1.2 (above) and if after traffic is established over the Fiber Meet arrangement the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3 then Verizon may bill (and ***CLEC Acronym TXT*** shall pay) Verizon's short-term (month to month) Tariff rates for a DS3 Channel Termination, a DS3/DS1 Multiplexer and, if applicable, mileage between Verizon wire centers for any subsequent month where the Parties do not

exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3.

2.1.4(b) If ***CLEC Acronym TXT*** requests a Fiber Meet arrangement pursuant to Section 2.1.3 (above), ~~for any then if beginning twelve months after the Fiber Meet arrangement is completed and accepted that~~ the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3, Verizon may bill (and ***CLEC Acronym TXT*** shall pay) Verizon's short-term (month to month) Tariff rates for a DS3 Channel Termination, a DS3/DS1 Multiplexer and, if applicable, mileage between Verizon wire centers any other applicable access service arrangements for any subsequent month where the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3. For purposes of this section 2.1 the Parties agree that a Fiber Meet arrangement will be considered "completed" thirty (30) days after activation of the fiber ring, or immediately upon test and acceptance of the DS3 circuits, whichever is sooner.

2.1.4(c) The Parties agree that there will be no cost recovery obligations under this section, or any other section of this agreement, if ***CLEC Acronym TXT*** requests a Fiber Meet arrangement pursuant to Section 2.1.1 (above).

2.1.5 Any such Fiber Meet arrangement shall be subject to the terms of this Amendment. In addition, the establishment of any Fiber Meet arrangement is expressly conditioned upon the Parties' mutually agreeing to the technical specifications and requirements for such Fiber Meet arrangement including, but not limited to, the location of the Fiber Meet points, routing, equipment (e.g., specifications of Add/Drop Multiplexers, number of strands of fiber, etc.), software, ordering, provisioning, maintenance, repair, testing, augments and/or any other technical specifications or requirements necessary to implement the Fiber Meet arrangement. For each Fiber Meet arrangement the Parties agree to implement, the Parties will complete and sign a Technical Specifications and Requirements document, the form of which is attached hereto as Exhibit A. Each such document will be treated as confidential information.

[WHEREAS, Verizon and ***CLEC Acronym TXT*** are Parties to an Interconnection Agreement under Sections 251 and 252 of the Communications Act of 1934, as amended (the "Act") dated [INSERT DATE] (the "Agreement"); and]

NOTE: **INSERT** THE FOLLOWING WHEREAS SECTION ONLY IF CLEC's AGREEMENT USED AN ADOPTION LETTER:

[WHEREAS, pursuant to an adoption letter dated [INSERT DATE OF ACTUAL ADOPTION LETTER] (the "Adoption Letter"), ***CLEC Acronym TXT*** adopted in the [State or Commonwealth] of [STATE/COMMONWEALTH NAME], the terms of the interconnection agreement between [NAME OF UNDERLYING CLEC AGREEMENT] and Verizon that was approved by the [STATE COMMISSION] (such Adoption Letter and underlying adopted interconnection agreement referred to herein collectively as the "Agreement"); and]

WHEREAS, ***CLEC Acronym TXT*** has requested that the Parties amend the Agreement to address the matters set forth herein.

1. **Amendment to Agreement.** The Agreement is amended to incorporate the terms and conditions set forth in this Amendment, all of which shall apply to and be a part of the Agreement (hereinafter referred to as the "Amended Agreement").

2. Fiber Meet Arrangement Provisions.

- 2.1 Each Party may request a Fiber Meet arrangement by providing written notice thereof to the other Party if the Parties have consistently been exchanging applicable traffic (as set forth in Section 2.3 below) in the relevant exchange(s) in an amount equal to a utilization level of at least one (1) DS3. In addition, ***CLEC Acronym TXT*** may request a Fiber Meet arrangement by providing written notice thereof to Verizon if (a) in the preceding month the Parties exchanged applicable traffic in the relevant exchange(s) in an amount equal to a DS3 utilization level of at least ~~eighty-seventy~~ percent (~~8070~~%) of one (1) DS3 (for the avoidance of doubt, a seventy percent (70%) DS3 utilization level occurs where twenty (20) DS1s on a single DS3 are activated to exchange traffic); (b) the amount of such traffic exchanged during the preceding three month period increased by at least ~~five-eight~~ percent (~~58~~%); and (c) ***CLEC Acronym TXT*** has submitted a good faith, written forecast to Verizon showing that the Parties will consistently exchange an amount of applicable traffic equal to a utilization level of at least one (1) DS3 within the next twelve (12) months. If, under the preceding sentence ***CLEC Acronym TXT*** requests a Fiber Meet arrangement that satisfies the DS3 utilization and traffic growth parameters identified in (a) and (b) above Verizon will agree to complete the Fiber Meet arrangement within ninety (90) days of the request. Further, ***CLEC Acronym TXT*** may request a Fiber Meet arrangement by providing written notice thereof to Verizon if (a) the Parties are not already exchanging traffic in the LATA; (b) ***CLEC Acronym TXT*** has ordered DS3 facilities from Verizon for exchanging applicable traffic in the relevant exchange(s); (c) Verizon has responded to such order by indicating that the requested facilities are not available; and (d) ***CLEC Acronym TXT*** has submitted a good faith, written forecast to Verizon showing that the Parties will consistently exchange an amount of applicable traffic equal to a utilization level of at least one (1) DS3 within the next twelve (12) months. If the Parties establish a Fiber Meet arrangement at ***CLEC Acronym TXT***'s request, then, the Parties agree that the following provisions will govern the recovery of costs if the traffic exchanged over the Fiber Meet arrangement does not reach or exceed a DS3. If ***CLEC Acronym TXT*** requests a Fiber Meet arrangement pursuant to Section 2.1.2 (above) and if after traffic is established over the Fiber Meet arrangement the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3 then Verizon may bill (and ***CLEC Acronym TXT*** shall pay) Verizon's short-term (month to month) Tariff rates for a DS3 Channel Termination, a DS3/DS1 Multiplexer and, if applicable, mileage between Verizon wire centers for any subsequent month where the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3. If ***CLEC Acronym TXT*** requests a Fiber Meet arrangement pursuant to Section 2.1.3 (above), for any then if beginning twelve months after the Fiber Meet arrangement is completed and accepted that the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3, Verizon may bill (and ***CLEC Acronym TXT*** shall pay) Verizon's short-term (month to month) Tariff rates for a DS3 Channel Termination, a DS3/DS1 Multiplexer and, if applicable, mileage between Verizon wire centers any other applicable access service arrangements for any subsequent month where the Parties do not exchange applicable traffic in an amount equal to a utilization level of at least one (1) DS3. For purposes of this section 2.1 the Parties agree that a Fiber Meet arrangement will be considered "completed" thirty (30) days after activation of the fiber ring, or immediately upon test and acceptance of the DS3 circuits, whichever is sooner. The Parties agree that there will be no cost recovery obligations under this section, or any other section of this agreement, if ***CLEC Acronym TXT*** requests a Fiber Meet arrangement under the circumstances described in the first sentence of this Section 2.1. Any such Fiber Meet arrangement shall be subject to the terms of this Amendment. In addition, the establishment of any Fiber Meet arrangement is expressly conditioned upon the Parties' mutually agreeing to the technical specifications and requirements for such Fiber Meet arrangement including, but not limited to, the location of the Fiber Meet points, routing, equipment (e.g.,

specifications of Add/Drop Multiplexers, number of strands of fiber, etc.), software, ordering, provisioning, maintenance, repair, testing, augments and/or any other technical specifications or requirements necessary to implement the Fiber Meet arrangement. For each Fiber Meet arrangement the Parties agree to implement, the Parties will complete and sign a Technical Specifications and Requirements document, the form of which is attached hereto as Exhibit A. Each such document will be treated as confidential information.

- 2.2 The Parties agree to consider the possibility of using existing fiber cable with spare capacity, where available, to implement any such request for a Fiber Meet arrangement. If existing fiber cable with spare capacity is not available, the Parties agree to minimize the construction and deployment of fiber cable necessary for any Fiber Meet arrangement to which they agree. The Parties agree that, except as otherwise agreed by the Parties (e.g., in a highly unusual circumstance that might require a different standard), Fiber Meet points established between the Parties shall extend no further than three (3) miles from an applicable Verizon Wire Center and Verizon shall not be required to construct or deploy more than five hundred (500) feet of fiber cable for each Fiber Meet arrangement between the Parties. If the Parties cannot reach agreement on the location of a Fiber Meet Point for a Fiber Meet arrangement, either Party may pursue the dispute resolution process set forth in the Agreement.
- 2.3 Except as otherwise agreed by the Parties, any Fiber Meet arrangements established under this Amendment shall be used only for the transmission and routing of Reciprocal Compensation Traffic [MAY NEED TO DEFINE THIS AND OTHER TERMS IF NOT DEFINED IN UNDERLYING AGREEMENT], translated LEC IntraLATA toll free service access code (e.g., 800/888/877) traffic, and IntraLATA Toll Traffic, in each case between their respective Telephone Exchange Service Customers, as well as Tandem Transit Traffic, and Measured Internet Traffic, all in accordance with the Agreement. Operator Services/Directory Assistance traffic, 911 traffic, and Exchange Access traffic, including translated InterLATA toll free service access code (e.g., 800/888/877) traffic, between ***CLEC Acronym TXT*** Telephone Exchange Service Customers and purchasers of Switched Exchange Service via a Verizon access Tandem, may be exchanged over Fiber Meet arrangements subject to applicable Verizon Tariff rates and charges. Except as otherwise agreed in writing by the Parties, point-to-point (i.e., unswitched) access services and unbundled network elements shall not be provisioned on or accessed through Fiber Meet arrangements. Notwithstanding any other provision of the Agreement (including, without limitation, this Amendment) or otherwise, other than the obligation to pay any applicable intercarrier compensation charges pursuant to the terms of the Agreement (as well as the obligation to pay Verizon's Tariff rates and charges for the traffic types addressed earlier in this Section 2.3), neither Party shall have any obligation to pay the other Party any charges in connection with any Fiber Meet arrangements established under this Amendment.
- 2.4 ***CLEC Acronym TXT*** will include traffic to be exchanged over Fiber Meet arrangements in its forecasts provided to Verizon under the Agreement.

3. Miscellaneous Provisions.

- 3.1 Conflict between this Amendment and the Agreement. This Amendment shall be deemed to revise the terms and provisions of the Agreement only to the extent necessary to give effect to the terms and provisions of this Amendment. In the event of a conflict between the terms and provisions of this Amendment and the terms and provisions of the Agreement, this Amendment shall govern; provided, however, that the fact that a term or provision appears in this Amendment but not in the Agreement, or in the Agreement but not in this Amendment, shall not be interpreted as, or deemed

grounds for finding, a conflict for purposes of this Section 3.1. Capitalized terms used and not otherwise defined herein have the meanings set for in the Agreement.

- 3.2 **Counterparts.** This Amendment may be executed in one or more counterparts, each of which when so executed and delivered shall be an original and all of which together shall constitute one and the same instrument.

For the avoidance of any doubt, nothing in this Amendment shall be deemed to amend or extend the term of the Agreement, or to affect the right of a Party to exercise any right of termination it may have under the Agreement.
- 3.5 **Joint Work Product.** The Parties acknowledge that this Amendment is a joint work product of the Parties, that, for convenience, this Amendment has been drafted in final form by Verizon, and that, accordingly, in the event of ambiguities in this Amendment, no inferences shall be drawn for or against either Party on the basis of authorship of this Amendment.
- 3.6 **Definitions.** Notwithstanding any other provision in the Agreement, this Amendment or any Verizon Tariff or SGAT, the following terms, as used in this Amendment, shall have the meanings set forth below:

3.6.4 **Primary Reference Source.**

Equipment that provides a timing signal to synchronize network elements.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed as of the Amendment Effective Date.
